

DON'T CROSS THE PICKET LINE

# TRAVELERS

# KAISER WANTS YOU

# TO BUST OUR UNION

Oregon Kaiser workers have authorized a strike over Kaiser's disastrous proposals and inability to solve the staffing crisis. We are fighting to ensure our patients are put first, and so we are putting pressure on management to do the right thing. Our patients and community have been standing with us...will you?

We ask you to support your coworkers and the patients you provide care for. **Don't cross the picket line!**
