

# HAVE YOU GOTTEN YOUR FLU SHOT AND GREEN DOT?

Protect yourself, your family, and patients from the flu today!

A Joint Labor-Management Partnership agreement and Influenza Vaccination/Masking Policy requires all Kaiser Permanente Northwest employees\* must **receive an annual influenza vaccination or, if they decline, wear a mask in patient care areas** after the mask-on date is announced. The mask-on date will be announced when the flu epidemic becomes prevalent in our community.

**It's our responsibility to keep our members well.**

## 1. Get a flu shot.

**Free flu shots** are available to employees in Nurse Treatment Centers. NTC's are open 8 a.m. to 5 p.m., Monday through Friday at the following medical office buildings:

Beaverton	Cascade Park	East Interstate	Orchards
Gateway	Keizer Station	Longview-Kelso	Salmon Creek
Mt. Scott	Rockwood	Salem	
Skyline	Sunset	Tualatin	

## 2. Get a green dot.

**Present a record of your influenza immunization** to your manager and receive a green dot. It's fast and easy. Open the KP.org app on your mobile phone. Click *Medical Record*, and then *Immunization*. Or, logon to KP.org, select *My medical record*, click *Immunizations*, and print a paper copy; or, provide documentation from your primary care physician; or, written verification from Military service, a non-Kaiser organization, or other pharmacy.

A set of **Frequently Asked Questions** about the Influenza Vaccination/Masking Policy can be found on our Flu Season resources page. Just click on the link under Shortcuts on the insideKP Northwest homepage.
