

2024 Elections

WHAT SHOULD WE AVOID DURING ELECTIONS?

Our union's elections are a critical part of how we ensure member democracy is maintained. There are a few communications elements that we can try to avoid to ensure neutrality during the elections.

**ELECTIONS
BEGIN IN
MARCH**

What to Remember

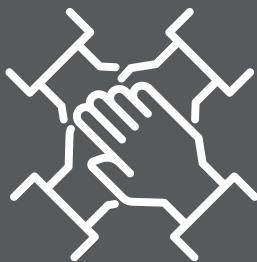

NO SOCIAL MEDIA

We cannot use any union owned Facebook Group, WhatsApp channel, or Facebook Page for any campaigning. This includes comments as well.

NEUTRAL EMAILS

Avoid any OFNHP sent emails that highlight particular officers or candidates.

NO UNION RESOURCES

You cannot use union email addresses, phones, or other tools for campaigning.

HOW SHOULD WE COMMUNICATE?

- Use your own social media away from union related accounts.
- Use your own phones and email addresses.
- Create separate events.
- Make clear that campaign related activities are not union sanctioned.
