***Collective Bargaining Agreement
by and between Laboratory Corporation of America Holdings
and the Oregon Federation of Nurses and Health Professionals,
Local 5017, AFT, AFL-CIO***

AGREEMENT

This Agreement is entered into as of the 16th day of March, 2026, by and among LABORATORY CORPORATION OF AMERICA HOLDINGS (hereinafter referred to as the “Employer” or “Labcorp”) and the OREGON FEDERATION OF NURSES AND HEALTH PROFESSIONALS, LOCAL 5017, AFT, AFL-CIO (hereinafter collectively referred to as the “Union” or “OFNHP”).

WHEREAS, the parties hereto desire to establish the standards and hours of labor, rates of pay, and other terms and conditions under which only the employees specified herein shall work for the Employer during the life of this Agreement, unless otherwise specified, and thereby promote a relationship between the parties here providing for more harmonious cooperation and mutual benefits.

NOW, THEREFORE, in consideration of the performance in good faith by both parties, individually and collectively, of the terms and conditions of this Agreement, and intending to be legally bound thereby, the parties agree to and with each other as follows.

**ARTICLE 1.
UNION RECOGNITION**

The Employer recognizes the Union, Oregon Federation of Nurses and Health Professionals, Local 5017, AFT, AFL-CIO, as the sole and exclusive representative of the employees (“Bargaining Unit Employees”) in the Bargaining Unit described in Case No. 19-RC-338571. The parties agree that for the duration of this Agreement, the bargaining units formally identified by NLRB Certification 19-RC-338571 may be referred to interchangeably as “Mt. Hood.”

**ARTICLE 2.
MANAGEMENT RIGHTS**

Subject to the express terms and conditions of this Agreement, the management of the Laboratory, patient service centers, and all other Employer facilities and the direction of the work force including the right to hire, assign, suspend, transfer, promote, discharge or discipline for just cause, and to maintain discipline and efficiency of its employees and the right to relieve employees from duty because of lack of work or for other reasons; the right to require reasonable overtime work by employees; the right to establish standards of performance and staffing

requirements; the right to establish, modify and change rules, regulations and personnel policies; the right to determine the extent to which the Laboratory patient service centers, and all other Employer facilities shall be operated and to change such methods or processes or to use new equipment or facilities; the right to establish, to change and adjust work schedules, to subcontract out or relocate work and to extend, limit or curtail its operations is vested exclusively in the Employer. Any subcontracting or relocation of work will not result in the layoff or material reduction in hours of employees in the bargaining unit.

However, nothing in this Article shall be construed to permit the Employer to exercise any management right in violation of an express term of this Agreement. In the event of a conflict between this Article and any other provision of this Agreement, the other provision of this Agreement shall prevail.

The parties recognize that the above statement of management responsibilities is for illustrative purposes only and should not be construed as restrictive or interpreted so as to exclude to those prerogatives not mentioned which are inherent to the management function. The Employer shall not be required to bargain over its decision to exercise any of the aforementioned rights, and all matters not covered by the language of this Agreement shall be administered by the Employer on a unilateral basis in accordance with such policies and procedures, as it from time to time shall determine. The Employer shall provide thirty (30) days written notice to the Union before making changes in working conditions pursuant to this provision. The Union maintains their right to demand to bargain over the effects of any changes made pursuant to this provision to the extent permitted by law. Except as set forth in this Management Rights Clause or elsewhere in this Agreement, the exercise of management rights shall not abrogate or diminish any statutory rights or obligations of the parties under federal, state, or local laws.

ARTICLE 3. GEOGRAPHIC SCOPE

This Agreement solely applies to the employees listed in the recognition clause. It shall apply to no other current or future facilities, unless such application is required by law. The Employer recognizes the Union as the sole and exclusive bargaining agent, for the purpose of establishing wages, hours and conditions of employment for the employees identified in the Recognition Clause.

ARTICLE 4. UNION SECURITY

A. Required Membership. All present employees shall, within thirty-one (31) days of the execution of this Agreement, either become and remain members of the Union or pay regular fees equal to Union membership fees and monthly dues.

All employees in classifications covered by this Agreement who are hired by the Employer

subsequent to the execution date of this Agreement shall, on or before the thirty-first (31st) day following the beginning of their employment, either become and remain members of the Union or pay regular fees equal to Union membership fees and monthly dues. Employees who are required to join the Union or pay regular fees and who fail to do so shall, upon notice in writing from the Union to the Employer of such failure, be terminated.

B. Religious Objection. Any employee who is a member of and adheres to established and traditional tenets or teachings of a bona fide religion, body or sect which has historically held conscientious objections to joining or financially supporting labor organizations shall not be required to join or financially support the Union as a condition of employment. Such an employee shall, in lieu of dues and fees, pay sums equal to such dues and fees to a nonreligious charitable fund. These religious objections and decisions as to which fund will be used must be documented and declared in writing to the Union. Any employee exercising his or her right of religious objection must provide the Union with a receipt of payment to an appropriate charity on a monthly basis.

C. Payroll Deduction of Dues

The Employer shall deduct from each employee's wage the amount of Union dues or fees, as specified by the Union, for all employees covered by this Agreement who have voluntarily provided the Employer with a written agreement authorizing such deductions. Once signed, the authorization cannot be canceled for a period of one (1) year from the date appearing on such written assignment or within a fifteen (15) day period prior to the termination date of this Agreement, whichever occurs sooner.

Deductions for dues shall be processed on the first and second pay period of each month.

D. Voluntary Political Action Fund Deduction. During the term of this Agreement, the Employer shall deduct the sum specified from the pay of each member of the Union who

voluntarily executes a COPE PEAC wage assignment form. When filed with the Employer, the authorized form will be honored in accordance with its terms. The Union will provide a monthly report of any changes to the fixed COPE PEAC amounts.

E. Remittance. The Employer will deduct the Union dues and PEAC for those employees who have voluntarily signed an agreement authorizing such deductions on a biweekly basis, provided the Union has submitted the signed agreement to the Employer. Deductions will be promptly transmitted to the Union by check or electronic payment (ACH) payable to its order within five (5) business days from the pay date. Upon issuance and transmission of the funds to the Union, the Employer's responsibility shall cease with respect to such deductions.

F. Deduction Report. The Employer will also provide a roster in electronic format that includes the employee's name, bargaining unit, employee identification number, the dues amount deducted, the PEAC amount deducted, and earnings by pay periods within five (5) days of the end of the month.

Concurrent with the payroll data run each month, the Employer shall forward to the Union the

names, addresses, **work** location, department, category, Social Security numbers, and date of employment of new employees. This report will also include the names of employees who have terminated employment, taken a Leave of Absence, or retired.

The Employer shall also provide to the Union the scheduled hours, location, and department of each employee on a quarterly basis.

D. Indemnification

The Union shall indemnify the Employer and hold it harmless against any and all suits, claims, demands and liabilities that shall arise out of or by reason of any action that shall be taken by the Employer for the purpose of complying with the provisions of this Article.

ARTICLE 5.

UNION STEWARDS, REPRESENTATIVES, & RELATED PROVISIONS

Union Stewards. Union Stewards shall be Bargaining Unit Employees. The Union shall provide the Employer with a list of all Union Stewards and elected Union Representatives from the Bargaining Unit when requested by the Employer. A Union Steward shall be paid their regular rate of pay for attending reasonable investigatory interviews while on working time. Union Stewards will make their best efforts to conduct investigatory interviews on non-working time. When attending scheduled grievance meetings, a Union Steward will be paid their regular rate of pay.

Union Representatives' Access to Premises. Upon no less than twenty-four (24) hours prior notice to management, except in case of a bona fide emergency, Union Representatives shall be permitted in the Employer's facilities for purposes of adjusting disputes, investigating working conditions, and ascertaining that the Agreement is being adhered to at reasonable times during working hours. The Employer may reschedule visits based upon legitimate business needs. Any such visit to the Employer's premises must be conducted so as not to interrupt employee work schedules or the Employer's operations, shall not interfere with the work of any employee and shall, at all times, comply with any and all Employer promulgated rules and regulations.

New Employee Orientation. The Employer agrees to permit a Union Representative and/or the Union Steward to make a presentation to new employees on a quarterly basis. New internal transfers and rehires into the Bargaining Unit shall be included in the new employee orientation meeting. The Employer will notify the Union and coordinate a specific meeting. The Union Representative and/or Union Steward will be allowed one-half (1/2) hour of unpaid time to introduce this Agreement to newly employed employees, subject to the new employee's agreement to participate in such meeting. The Employer will notify the new employee that the orientation meeting is completely voluntary. The Employer will provide the Union's contact information at the time of hire or transfer, and an online link to the Union membership application. Both parties will comply with all applicable laws. A copy of this Agreement will be made available to Bargaining Unit Employees by the Employer.

Union Bulletin Boards. In facilities in which the Employer utilizes a bulletin board to communicate with employees, the Employer agrees to provide a suitable space for a Union bulletin board near the vicinity where an Employer bulletin board is situated. In facilities in which the Employer does not utilize a bulletin board, the Employer agrees to provide the Union with, in its sole discretion, a suitable way to communicate with Bargaining Unit Employees.

ARTICLE 6.
EMPLOYEE DEFINITIONS

- A. **Full time employees** are defined as those employees within the bargaining unit who are regularly scheduled to work thirty (30) hours or more per week.
- B. **Part time employees** are defined as those employees within the bargaining unit who are regularly scheduled to work twenty (20) hours per week but less than thirty (30) hours per week.
- C. **Casual employees** are defined as those employees within the bargaining unit who work on an intermittent or availability basis.
- D. **Contingent employees** are defined as those employees who are placed on assignment from a contract agency. These Contingent Employees may work for a period of up to thirteen (13) continuous weeks. This period may be extended up to an additional three (3) consecutive months by mutual agreement in writing by OFNHP and the Employer. After expiration of the thirteen (13) continuous week period, or as the same may be extended in accordance with this Agreement, a Contingent Employee must no longer be utilized, or hired as a full time, part time, or casual employee.

ARTICLE 7.
BARGAINING UNIT WORK

The parties recognize that to maintain the orderly functioning of operations, it may be necessary to use Contingent Employees, as well as non-bargaining unit Labcorp personnel. Such work shall not be used as a replacement for bargaining unit members, or as a means to reduce the number of bargaining unit members or to keep from adding additional employees to the bargaining unit. The Employer shall have such right if such usage does not result in a material reduction of regular work hours or lay off for Bargaining Unit Employees.

The parties recognize that because of the technical nature of the work performed by the Employer, it is necessary that supervisors be able to perform bargaining unit work in an emergent

situation or for training purposes. Supervisors shall not be scheduled to displace shifts normally worked by Bargaining Unit Employees.

ARTICLE 8.
SENIORITY, LAYOFF, RECALL & VACANCIES

Section 1.- Seniority

- A. Seniority shall mean the length of continuous employment within Labcorp in any job classification covered by this Agreement. Continuous employment includes the performance of a bargaining unit position for all scheduled hours of work, including time off because of earned time off, and approved leaves of absence.
- B. Seniority shall be accumulated for each full time and part time bargaining unit member based on years of service within Labcorp. All prior years of service (Legacy recognized years of service) with Legacy will be included when determining seniority under this agreement provided that such employee was hired by Labcorp as of the closing of the Legacy acquisition.
- C. Seniority will be based on an employee's most recent hire date into the bargaining unit. Casual employees working in the bargaining unit shall not accrue seniority. Full-time and regular part-time employees who transfer to casual positions shall have their seniority frozen for the duration of their time spent in such casual position.
- D. Seniority is lost upon termination or resignation of employment. Upon return, a recalled employee will retain seniority and benefit accrual levels in accordance with Labcorp's Reinstatement Policy at the time of execution of this Agreement which is attached to this Agreement as Exhibit C.
- E. Each new employee, or an employee that is rehired after loss of seniority rights, shall serve a probationary period of ninety (90) calendar days. For the purposes of this Agreement "calendar days" shall be defined as Sunday through Saturday-and shall exclude holidays recognized by the Employer. During the probationary period, the Employer shall have the right to discipline and/or discharge the employee without cause, and such action is not subject to the grievance or arbitration provisions of this Agreement. Upon satisfactory completion of the probationary period, the Employee's seniority date shall be retroactive to the first day of employment of the employee's last date of hire. The probationary period may be extended for up to an additional thirty (30) calendar days upon mutual agreement, such consent from the Union not to be unreasonably withheld. This provision will not affect an employee's rights under the Affordable Care Act.
- F. The employee with the lowest Labcorp ID number will be used to determine the most senior employee when one or more have the same continuous service time date.

Section 2. - Layoffs and Recall.

- A. In cases where circumstances necessitate a layoff of Bargaining Unit Employees, Labcorp shall, except in unforeseen emergency or disaster circumstances, notify the affected employee in writing, with a copy to OFNHP, thirty (30) days in advance and specify the positions so affected. Upon request, the Employer shall bargain with the Union regarding the effects of such layoffs, including but not limited to the timing, procedures, order of layoff, and recall rights of affected employees. Labcorp will notify employees where they can access open Labcorp positions at any other Labcorp facility within the Pacific Northwest Region, and affected employees will be allowed to bid on such positions in accordance with Article 8 Section 2(C) and (D) The Pacific Northwest Region shall include Southwest Washington and Oregon. For the avoidance of doubt, laid off employees will only receive priority for open OFNHP represented positions.
- B. In the event of a layoff in a specific department of the Employer, the following will apply: If necessary, Employer has the obligation to lay off employees according to seniority starting with the least senior employee in a classification and/or shift. Employees will be laid off in the following order: all probationary employees, followed by all other employees. An employee may be retained out of sequence of seniority if the employee with greater length of employment does not have the necessary qualifications for the position and requisite technical/professional skills, education and experience.
- C. In no event shall contingent workers be retained to perform work previously performed by laid off bargaining unit members in any department while qualified bargaining unit members are on layoff or are experiencing a material reduction of hours. Casual employees shall not be scheduled to perform work previously performed by laid off bargaining unit members.
- D. Those employees impacted by a layoff shall have the opportunity to bid on Union represented positions in other OFNHP represented facilities through the normal job posting process and will be given priority over all external candidates for any vacant positions. If more than one eligible impacted employee applies for a vacant position, Labcorp will select the qualified applicant based on seniority.
- E. If an employee is unable to work the available shift and hours, they may elect to bump any probationary employee in the facility provided they are qualified.
- F. It is recognized that in exercising seniority in the event of a recall, an employee must be willing to work the available shift and hours. For example, if the shift available is a full-time position and the senior employee on the recall list has been part-time, the senior employee may choose to accept the available full-time shift and hours offered by the Employer or pass the opportunity to the next senior employee. An employee choosing to pass on an available position may bid on the next available opening.
- G. Should a displaced employee choose to accept a layoff with severance in lieu of further layoff rights or options, such severance will be based on the Employer's Severance Policy, attached to this Agreement as Exhibit D, which shall not be altered during the term of the agreement.
- H. In the event of a layoff, employees shall receive all accrued but unpaid wages, accrued and unused vacation or PLB, and any other earned compensation.

- I. Seniority employees shall be recalled in the reverse order of layoffs for twelve (12) months to the same position from which they have been laid off and will be given priority consideration for other regular jobs that are represented by OFNHP for which they meet the qualifications.

Section 3. - Filling Vacant Positions and Job Postings

- A. A vacancy is defined as a newly created position or a position that becomes vacant due to an employee leaving the position, where Labcorp, in its sole discretion, decides that such vacant position must be filled. The Employer agrees to post all vacant job openings internally through the Employer's Work Day Program for a minimum of three (3) calendar days. The Employer shall be entitled to simultaneously post such positions externally. Current employees shall retain the right to apply for posted vacancies at any time during the recruitment process. Qualified internal applicants shall be offered the position before any external candidate is hired. Postings shall include the requirements of the position including education, required certifications, technical/professional skills, and experience.
- B. The Employer will provide priority to internal candidates using the following methodology in Section C and D. Internal candidates shall be described as those employees working at work sites covered by this Agreement.
- C. Labcorp will first fill the following open positions with the most qualified internal candidate prior to hiring external candidates:

Senior Technologists, Lab Service Team Leads, Patient Service Technician Team Leader, PST Lead (LCL), Sr. Cytogen Technologist, Cytogenetic Team Leader, Cytotechno Team Leader, Senior Project Analyst, Project Analyst, Senior IT Specialists, Senior Lab Assistant, Support Services Team Lead.

- 1) An internal candidate must have the required qualifications to be considered. An internal candidate for this purpose shall be an employee who is covered by this Agreement and works within the specific facility. Selection criteria will include the quality and amount of education and certifications, skills, competence, and experience for the job opening. Selection criteria will be job-related, factually supported and related to the ability to work successfully and applied to all candidates consistently. Selection criteria shall be measurable and/or demonstrable.
- 2) Bargaining unit seniority shall be the determining factor between two (2) or more internal candidates with equal skills, competence, ability and prior job performance.

- 3) The selection of one candidate over another will be subject to an arbitrary and capricious standard in the event of any grievance or arbitration over such selection.
- D. The Employer will fill all other position vacancies with the senior candidate who meets the qualifications prior to hiring external candidates. The parties may mutually agree to add additional positions as part of Article 8 Section 3 (C).
 - E. OFNHP members who are employed by Labcorp in the Pacific Northwest Region shall be considered for positions within other facilities to which they apply where employees are represented by OFNHP. If there is no internal candidate who meets all the qualifications, OFNHP member(s) from other Labcorp locations in the Pacific Northwest Region will receive priority for positions prior to hiring external candidates. Bargaining unit seniority shall be the determining factor between two (2) or more candidates with relevant experience, and past performance.
 - F. An internal candidate, who is considered for a regular job opening, under the provisions set forth in this Article, and is not placed in the regular job opening, will be notified in writing. An internal applicant who is qualified for but not granted a position may request a meeting to discuss the basis for the decision with the person who made the hiring decision.
 - G. If an employee is offered and accepts a position, the employee may be retained in their current position for up to thirty (30) calendar days from the date the position is accepted by the employee. This date may be extended on a mutually agreeable basis between the Union and the Employer; such consent not to be unreasonably withheld by the Union.
 - H. OFNHP members employed by LabCorp in the Northwest Region who apply for and accept a position, moving from one Labcorp location represented by OFNHP to another OFNHP represented location, shall be considered seniority employees at the new location.

ARTICLE 9.
CORRECTIVE ACTION

- A. When necessary, disciplinary action may be taken for just cause.
- B. An employee may request to have a Union Representative present during an investigatory meeting that the employee reasonably believes may lead to disciplinary action. If the employee requests such representation, it will be provided as required under applicable law. If a Union Representative is not immediately available, the Union shall contact the Employer within seventy-two (72) hours of the employee's request for representation to discuss a reasonable postponement of the meeting.
- C. The Employer may utilize action plans or performance improvement action plans. A Union Representative may attend the performance improvement action plan meeting at the request of the employee. Performance improvement action plans may accompany a disciplinary

action, with the exception of termination, but will not be considered discipline. For the avoidance of doubt, termination may (but will not always) follow a failed performance improvement action plan.

D. The Employer's Corrective Action Guidelines are attached to this Agreement as Exhibit E. The Corrective Action Guidelines, except as modified by this Agreement, shall apply to all employees and shall not be altered during the term of this Agreement.

E. The Employer's Attendance Policy is attached to this Agreement as Exhibit F. The Attendance Policy, except as modified by this Agreement, shall apply to all employees and shall not be altered during the term of this Agreement.

F. In any grievance arbitration concerning application of the Corrective Action Guidelines or the Attendance Policy, the arbitrator may consider traditional equitable principles including an employee's length of service, prior disciplinary record, and extenuating circumstances.

ARTICLE 10.

HOURS OF WORK AND SCHEDULING

State and Federal Wage and Hour Laws. The Employer will comply with all applicable Local, State, and Federal wage and hour requirements.

Work Period – The normal work period shall consist of forty (40) hours of work from Sunday at 12:01AM to Saturday at 11:59 PM. Other innovative work schedules may be established by mutual agreement between the Employer, OFNHP, and the employee. The basic workday shall consist of an eight- and one-half (8 ½) consecutive hours in a twenty-four hour (24) period, which includes an uninterrupted meal break of thirty (30) minutes.

Completed Work Schedules. Completed work schedules shall be posted four weeks prior to the beginning of the work schedule and shall cover a minimum of a two-week (2) scheduling period. Employees shall be scheduled consistent with their full-time equivalency status. Employees will have their set schedules maintained during the course of this Agreement in work sites where set schedules are utilized. Schedules that are developed shall first provide full-time and regular part-time employees their regular hours. Casual employees shall have the option of working: (i) available hours prior to the posting of the schedule and/or (ii) available hours that arise after the posting of the schedule. All Bargaining Unit Employees shall have the option of filling open shifts that arise after the posting of the schedule prior to the use of Contingent Employees.

Employees will not be scheduled to work shifts outside of their regular schedule unless mutually agreed upon, or when required for participation in an educational program.

Once posted, completed work schedules may not be changed without mutual agreement between the Employer and the employee. An employee may switch their scheduled work assignment

with other staff in the same classification, provided they receive prior approval from their manager.

Pay Period. The pay period shall cover two (2) work weeks. Pay earned during a two (2) week period will normally be paid on the Friday following the last day of the pay period.

Other Work Schedules –Where work schedules other than the eight (8) hour day workday schedule are utilized, the Employer shall maintain ten- and twelve-hour shift schedules for employees working such shifts for the remainder of this Agreement consistent with current practice. In the event an employee resigns, is terminated, laid off, or otherwise vacates a ten or twelve hour shift position, the Employer may, in its sole and exclusive discretion, replace the ten or twelve-hour shift position with an eight-hour shift position. Employees who work ten or twelve hour shifts, a work period of eighty (80) hours in fourteen (14) consecutive days shall not violate the Fair Labor Standards Act and equivalent state law.

Meal and Rest Breaks. Meal periods for all shifts employees should be scheduled according to the needs of the department. An electronic timekeeping system will record meal periods. The meal period will be unpaid and a minimum of one-half hour unless otherwise specified or as required by law. Workday schedules are arranged that the normal workday (time worked) accommodates meal periods. Employees who repeatedly do not comply with meal/rest breaks are subject to progressive disciplinary action, up to and including, termination in appropriate circumstances. Employees will not be disciplined in situations where legitimate business needs, as determined by Labcorp in its reasonable discretion, require an employee to work through lunch. Progressive discipline will be administered in accordance with the Employer's Corrective Action Guidelines for any employee failing to comply with and/or take meal breaks, is subject to the just cause standard, and may be grieved under this Agreement.

Managers are responsible for advising employees of the meal period schedules that are observed. Unless by mutual agreement, meal breaks shall be scheduled within the first four to five work hours of the normal eight-hour shift. If an employee is not able to take a 30-minute uninterrupted meal period, the employee will be paid for such 30 minutes.

Rest Periods. All employees are permitted two (2) paid rest break periods during each shift of work. Those employees' with assigned shifts of either ten hours or twelve hours shall get a third rest break. The Employer is responsible for ensuring that employees are released from work to ensure rest breaks are taken. The Employer will be permitted to schedule employee rest breaks.

Overtime. The Employer will not be permitted to assign mandatory overtime hours to employees, except in the case of an emergency. The Employer will first solicit qualified volunteers, if there are insufficient numbers of qualified employees the Employer will be permitted to mandate the least senior employee to work the mandatory overtime.

There shall be no pyramiding or duplication of overtime pay.

Split Shifts. There will not be split shifts unless mutually agreed to by the Employer and employee and only in emergent situations.

7 On 7 Off. Employees who are scheduled to work seven (7) on and seven (7) off shall receive benefits based on their hours worked and consistent with this Agreement. In the event an employee resigns, is terminated, laid off, or otherwise vacates a seven (7) days on and seven (7) days off shift position, the Employer may, in its sole discretion, replace the shift position with another shift position.

ARTICLE 11. **FLOAT POOL**

Lab Assistants/PSTs that are designated as permanent float employees shall be utilized as a resource for facilities to fill in for absences attributed to leaves of absence, vacations, illness, open positions, shift volumes, etc. Once their schedule is posted, their days and shift will not be changed without mutual agreement, except in emergent situations. Their daily work location may be changed with twenty-four (24) hours advance notice to the employee, except in emergent situations. An employee should complete an orientation checklist prior to working in any facility. Lab Assistant/PSTs will only be required to work in OFNHP represented facilities.

Employees shall be compensated for travel at the IRS Mileage rate. Employees shall not be compensated for travel from the employee's residence to their home base. Employees shall not be required to work in more than one facility during any shift. Travel time shall be considered work time for purpose of pay, benefits, and mileage reimbursement.

Permanent float employees shall be paid an additional two dollars (\$2.00) per hour in addition to their regular rate of pay for all hours worked. Those assigned to permanent float positions shall not be required to rotate shifts during any work week, except in case of an acute emergency.

ARTICLE 12. **COMPENSATION**

Effective the second full pay period following execution of this Agreement, all current employees, including casual employees, will receive a gross lump sum payment of eight hundred dollars (**\$800**).

Effective the second full pay period in **July of 2026** each current full-time and part-time employee will be placed on the wage scale attached as Exhibit A, based on their verifiable years of service with Labcorp, which shall include years of service with Legacy, or based on their current wage rate, whichever results in a higher wage rate. When an employee is placed on the wage scale attached as Exhibit A based on their current wage rate, and such wage rate is between steps, they shall be placed on the higher step.

Employees hired on or after July of 2026 shall be paid at least the applicable starting wage rate set forth on the wage scale attached as Exhibit A, based on their years of experience as determined by the Employer in its reasonable discretion. The wage rates set forth in the attached wage scale represent

the minimum wages for employees; nothing will preclude the Employer from paying any employee above the attached wage scale in its sole and exclusive discretion.

Each current full-time and part-time employee, with between zero (0) to ten (10) years of service, will receive no less than a two percent (2%) wage increase as a result of being placed on the wage scale attached as Exhibit A. To the extent the resulting hourly wage rate increase is less than two percent (2%), the remaining raise shall be given in a one-time lump sum payment payable the second full pay period in July of 2026. For example, if a full-time Lab Assistant is making \$21.30 per hour, they will be placed on Step 4 of the wage scale attached as Exhibit A and be paid \$21.54. This would result in an hourly wage rate increase for such employee of 1.1%. The remaining 0.9% raise would be paid in a one-time lump sum payment and calculated as follows: $\$21.30 * 0.009 * 2080 = \399 .

Effective the second full pay period in **July of 2026** each current full-time and part-time employee, with ten (10) or more years of service, will receive a three percent (**3.0%**) increase if their wage is above the wage scale attached as Exhibit A or be placed at Step 10 of the wage scale attached as Exhibit A, whichever results in a higher wage rate.

Effective the second full pay period in **July of 2026** each current casual employee will receive a two percent (**2.0%**) increase. For the avoidance of doubt, casual employees will not be paid based on the attached wage scales.

Effective the second full pay period in **July of 2027** each current full-time and part-time employee will move to the next step on the wage scale attached as Exhibit B.

Employees hired on or after July of 2027 shall be paid at least the applicable starting wage set forth on the wage scale attached as Exhibit B, based on their years of experience as determined by the Employer in its reasonable discretion. The wages rates set forth in the attached scale represent the minimum wages for employees; nothing will preclude the Employer from paying any employee above the attached wage scale in its sole and exclusive discretion.

Effective the second full pay period in **July of 2027**, each current full-time and part-time employee whose wage is above the last step on the wage scale or who is moving past the last step on the wage scale attached as Exhibit B, will receive a three percent (**3.0%**) increase.

Effective the second full pay period in **July of 2027** each current casual employee will receive a two percent (**2.0%**) increase. For the avoidance of doubt, casual employees will not be paid based on the attached wage scales.

No employee shall receive a wage decrease as a result of being placed on the wage tables set forth in this Article.

For the avoidance of doubt, after expiration of this Agreement employees will not receive any wage increases or progress on the scale based on years of service.

Weekend Differential. Employees working a weekend shift will be paid a premium of one dollar and fifty cents per hour (\$1.50) for each hour worked, in addition to any other applicable differential or premium. Nothing in this Agreement shall preclude the Union, at its sole discretion and expense, from establishing and administering its own healthcare program or benefit plan for represented employees, provided that:

- a. The Union is the sole plan sponsor, fiduciary, and administrator;
- b. The plan is fully independent of the Employer and is not a jointly administered trust;
- c. The plan complies with all applicable federal and state laws, including ERISA and the Internal Revenue Code; and
- d. The Employer has no responsibility for plan design, vendor selection, eligibility determinations, claims administration, appeals, funding adequacy, or regulatory compliance.

Future Bargaining Over Cost Only

If, in a successor collective bargaining agreement, the Union establishes a healthcare program meeting the conditions set forth above, the Employer is willing to bargain in good faith over participation in and the level of Employer financial contribution toward such Union-administered plan, subject to:

- a. The Employer retaining no fiduciary, administrative, or governance role; and
- b. All plan operation, solvency, and compliance risk remaining exclusively with the Union.

No obligation to contribute, and no agreement on contribution levels, or participation in any Union administered healthcare program, is created by this Side Letter. Furthermore, any contribution must be expressly negotiated and memorialized in a future collective bargaining agreement.

- were previously employed by Labcorp as a full-time or part-time employee (scheduled 20 hours or more/FTE status is 50% or greater)
- are rehired as an eligible employee within five years of their prior termination date **and**
- will be reemployed by Labcorp as a full-time or part-time employee (scheduled 20 hours or more/FTE status is 50% or greater)

The Company will recognize prior service for individuals employed by Fortrea Inc., Fortrea CRU Inc., Fortrea Patient Access Inc., Fortrea Specialty Pharmacy LCC, Fortrea Clinical Research Unit, Inc., Snaplot, Inc. or Endpoint, Inc. ("Fortrea") or a predecessor company if and only if:

IV. POLICY

A. GENERAL GUIDELINES

1. Eligible Employees may be eligible to receive a Severance Benefit in the event that they are subject to a Qualifying Termination of employment.
2. Eligible Employees who are provided with advanced notice of a termination due to a Qualifying Termination must continue to work and remain in good standing during the notice period. If during the notice period, the employee is terminated due to a non-Qualifying Termination reason, they will not be eligible for, and will not receive, a Severance Benefit. For example, if, during the notice period, an employee is terminated due to misconduct or for any other disciplinary reason, they will be disqualified from receiving, and will not receive, Severance Benefits upon termination of employment.

 - i. a commute of at least 1 hour from home to the new work location or
 - ii. a change in commuting mileage of at least 45 miles, provided, however, that the employee does not consent to the relocation;
 - e. removal from an assigned office or work location due to a client request, office closure, or site closure and the impacted individual applied for but was unable to secure reasonable alternative employment within the immediate reasonable commuting area; or
 - f. position elimination as a result of a divestiture of a business or operation, except that such employees are not eligible for severance if they have been offered, but declined, a substantially similar or better position within a reasonable commuting distance of the employee’s eliminated position by the acquiring company or by the Company.
4. Terminations of employment due to the following reasons are not entitled to any Severance Benefits

 - c. Voluntary or Involuntary terminations due to disability;

Exhibit E

U.S. Corrective Action Guideline

SCOPE	EFFECTIVE	PAGE
Enterprise United States	January 1, 2026	1

PURPOSE AND APPROACH

All people leaders have a responsibility to ensure employees understand conduct expectations, monitor conduct within their teams, and take appropriate action to address concerns fairly, consistently, and confidentially. Leaders are expected to address conduct issues as they arise and to resolve issues through coaching and support before formal corrective action is needed.

This Corrective Action Guideline (“Guideline”) outlines a structured process for addressing employee conduct, behavioral issues, and policy violations in a fair, consistent and constructive manner. The goal of corrective action is to coach and educate the employee on acceptable standards of conduct and behavior, identify any areas in which the employee’s conduct or behavior fails to meet acceptable standards of conduct and behavior and provide clear guidance for the employee on how to improve and meet those standards.

SCOPE

This Guideline applies to all Labcorp U.S. based employees except those who are subject to a collective bargaining agreement (“CBA”) or employment contract that establishes and explicitly defines an alternative disciplinary process.

REFERENCES

- Global Standards of Performance and Conduct Policy
- U.S. Non-Exempt Attendance Guidelines

CORRECTIVE ACTION vs PERFORMANCE AND ATTENDANCE ISSUES

This Guideline applies only to conduct-related violations of Company rules, procedures, policies or regulations including, but not limited to violations of the Code of Conduct, the Business Practices Manual, Privacy policies, federal, state or local laws, standard operating procedures, local or departmental guidelines, and any other behavior that management deems to be inconsistent with normal standards of business practice.

This Guideline does not apply to (a) performance related issues – that is situations where an employee fails to demonstrate that they have the skills or abilities to perform at satisfactory levels or (b) attendance issues.

Performance issues are addressed through the Performance Improvement Plan (PIP) process, which is not considered corrective action. However, if an employee repeats the same or a similar issue after successfully completing a PIP, the Company may issue corrective action up to and including termination instead of starting a new PIP. At that point, the lack of sustained improvement may be treated as a conduct issue rather than a performance gap.

U.S. Corrective Action Guideline

SCOPE	EFFECTIVE	PAGE
Enterprise United States	January 1, 2026	2

Attendance issues will be addressed in accordance with the Company's U.S. Non-Exempt Attendance Guidelines.

CORRECTIVE ACTION PROCESS

The Company follows a progressive discipline model even if the underlying violations are unrelated. For example, an employee who previously received a written warning for a policy violation may receive the next step in discipline for a separate behavioral issue. There are no isolated disciplinary tracks for different types of infractions as discipline is cumulative.

When formal corrective action is required, the company generally follows a consistent, three-step process:

1. **First Written Warning** – A formal notice that outlines the violation, required improvements, and consequences of further issues.
2. **Final Written Warning** – A serious notice indicating that continued violations may result in termination. Issued after a first written warning or for a more serious infraction.
3. **Termination of Employment** – May result from continued violations or from a single incident of serious misconduct- (e.g., violence, theft).

The Company reserves the right to utilize other forms of disciplinary action based on the specific circumstances of the situation. These actions may include, but are not limited to suspension, demotion, reassignment, or loss of privileges or leadership roles. These actions may be used in place of, or in addition to, the steps outlined above at the Company's discretion.

ESCALATION OF CORRECTIVE ACTION

Although the Company will generally follow the steps outlined in this guideline, the Company may determine, in its sole discretion, that an employee's misconduct warrants escalation of corrective action to include immediate termination (e.g., theft, violence, gross insubordination). This Guideline does not alter the employment at-will relationship between the Company and its employees.

DURATION OF CORRECTIVE ACTION

Corrective action remains active for a rolling 12-month period from the date it is issued. If a subsequent conduct issue occurs within the rolling 12-month period, the employee moves to the next step of corrective action which remains active for 12 months from the date of issuance.

INITIATING THE CORRECTIVE ACTION PROCESS

Leaders should initiate the corrective action process by submitting an inquiry to Employee Relations through HR Central.

U.S. Corrective Action Guideline		
SCOPE Enterprise United States	EFFECTIVE January 1, 2026	PAGE 3

DOCUMENTATION AND CONFIDENTIALITY

All corrective action will be documented and retained in an employee’s personnel file. Employees are asked to acknowledge receipt of written warnings; refusal to acknowledge does not invalidate the action. Discussions regarding disciplinary action remain confidential between Human Resources, the employee, and relevant leadership.

INQUIRIES

- Employees should direct their questions about the Corrective Action Guideline to their leader.
- Employees and leaders should direct questions about other guidelines or policies through [HR Central](#).

Exhibit F

US Non-Exempt Attendance Guidelines

SCOPE	EFFECTIVE	PAGE
Enterprise United States	August 1, 2024	1 of 4

The Company recognizes that from time-to-time employees will not be able to report to work as scheduled. It is the policy and expectation of the Company that all employees will demonstrate regular, reliable attendance. Employees are expected to report to work and be prepared to start work as scheduled. Employees are also expected to remain at work for their entire work schedule.

The purpose of the US Non-Exempt Attendance Guidelines is to assist all non-exempt employees and their leaders in understanding the expectations and consequences when an employee is away from work unexcused, and their attendance does not meet expectations.

The direct and indirect costs of nonattendance can be substantial and includes a significant reduction in service levels, lost production and performance, reduced quality, disruption to the department and additional workload placed on fellow employees. The Company will therefore appropriately address any concerns with employees who are not in regular attendance.

DEFINITIONS

Excused Absence – Any full or partial day absence:

- a. which *is* protected by law including but not limited to the Family Medical Leave Act, USERRA, Kin Care Leave laws, Paid Sick Leave laws, Americans with Disabilities Act, or Jury Duty or
- b. approved under the company's Bereavement Policy or
- c. where the employee has given a minimum of **24** hour's notice before the start of their shift to the supervisor of the need for the absence and the supervisor has approved the absence.

Unexcused Absence – Any absence of more than 5 minutes:

- a. which is *not* protected by law
- b. where the employee is absent without supervisor approval or
- c. where the employee has given less than **24** hours notice before the start of their shift to the supervisor of the need for absence and the supervisor has approved the absence.

An Unexcused Absence applies to all types of unplanned absences or personal emergencies including, but not limited to sudden illness, car trouble, child-care needs, individual transportation issues, emergency home repairs, etc.

US Non-Exempt Attendance Guidelines		
SCOPE Enterprise United States	EFFECTIVE August 1, 2024	PAGE 2 of 4

CALL OUT PROCEDURE

Employees are responsible for providing their supervisor with as much advance notice as possible whenever the need for an absence arises. To comply with this request, an employee must:

- Call their supervisor, their supervisor’s designee, or established phone number *or*
- Send a text message to their supervisor or supervisor’s designee.

The employee must provide the following information regardless of the method used: (1) employee name; (2) reason for absence; and (3) expected duration of absence.

Employees who fail to notify their supervisor that they will be absent or late to work at least **two hours** prior to the start of their shift will be assessed one point under the point system noted below in addition to points assessed for an Unexcused Absence.

If an employee is incapacitated or unable to provide proper notification of an absence, a family member or other individual may contact the supervisor on the employee’s behalf. Absent extenuating circumstances where it is physically impossible to contact their supervisor, a failure to follow call out procedures will be subject to corrective action under the point system.

PROTECTED ABSENCES

Employees seeking FMLA or other protected leave must utilize the Call Out procedure when requesting leave. For certain protected leaves, like the FMLA, the employee must also report the leave to Alight at 1-844-391-6668 and may be required to submit appropriate documentation in accordance with Company policy and applicable law. For absences that are foreseeable in nature, such as the planned birth of a new child or planned medical procedures for a serious health condition, the employee should provide Alight at least 30 days advanced notice of the need for leave. When advanced notice is not feasible, an employee should contact Alight Group on the day the leave commences or as soon as feasibly possible. Failure to contact Alight Group on a timely basis may result in the delay or denial of FMLA or other protected leave requests and may result in the treatment of time away from work as an Unexcused Absence.

Further information including a complete listing of protected absences under applicable Federal, State, or local laws and how to apply for protected leave can be found on [HR Central](#).

ADA REQUESTS

The Americans with Disabilities Act and comparable State and local laws require an employer to make reasonable accommodations for employees with disabilities. Accommodations in the workplace may take various forms, including workplace adjustments or modifications, which range from making the physical work environment accessible, providing a flexible work schedule, or providing assistive equipment (examples: TTY machine for employees with hearing impairments or a computer that enlarges print for employees with vision impairments). Under certain circumstances, an employee may seek additional time off or other leave protection rights as an accommodation. The Company encourages its employees with disabilities to request accommodation when needed. If you desire an accommodation, you should notify your supervisor and contact Alight at 1-844-391-6668. Each request will be decided on a case-by-case basis.

US Non-Exempt Attendance Guidelines		
SCOPE Enterprise United States	EFFECTIVE August 1, 2024	PAGE 3 of 4

POINT SYSTEM

The Attendance Guidelines are administered through a point system. Points are managed on a rolling 12-month basis and generally applied when the employee incurs an Unexcused Absence or failure to follow the Call Out procedure. Points will be assessed based on the nature and duration of each incident as noted in the chart below.

Incident	Definition	Points
Failure to follow Call Out procedure	Not following established Call Out procedure to report an absence	1
Unexcused Absence	Missing 6 to 15 minutes of the scheduled shift	1
	Missing 16 minutes to 2 hours of the scheduled shift	2
	Missing more than 2 hours of the scheduled shift	3
	Missing an entire scheduled shift	4
	Full day absence without notice and no prior supervisor approval (no call/no show)	10

Consecutive absences for the same condition will count as a single absence and will not be assessed additional points.

If an incident falls under more than one category, points will not be combined and instead will be assessed for the incident with the higher point value only. For example, if an employee no call/no shows and is absent for a full shift, only 10 points will be assessed for the no call/no-show. Failure to follow Call Out procedures and Unexcused Absence are treated separately and can result in the assessment of combined points, except when the incident is a No Call/No Show.

There may be extenuating, unforeseen circumstances outside the control of an employee preventing them from reporting to work. If such extraordinary circumstances arise such as inclement weather or transportation events (e.g., closure of a major highway due to a multi-car accident) impacting multiple employees at the same time, the absence arising from these events will not be assigned points. Note, extraordinary circumstances do not include routine traffic and transportation issues or unexpected absences that impact only an individual employee. The supervisor will make the determination whether the absence falls within this exception and therefore not assess points for the absence.

US Non-Exempt Attendance Guidelines		
SCOPE Enterprise United States	EFFECTIVE August 1, 2024	PAGE 4 of 4

CORRECTIVE ACTION

Leaders are highly encouraged to address absenteeism with their employees as they accumulate points. An interactive discussion, especially at the outset, will allow a leader and employee to identify factors causing attendance issues prior to the issuance of corrective action.

Points assessed for attendance incidents will result in progressive corrective action as indicated in the chart below. Points are active for a rolling 12-month period from their occurrence. Expired points are not counted towards corrective action.

Action	Points Total
First written warning	20
Final written warning	4 additional points following first written
Termination of employment	4 additional points following final written

ESCALATION OF CORRECTIVE ACTION

Although the Company will generally follow the steps outlined in these guidelines, the Company may determine, in its sole discretion, that an employee’s absenteeism warrants escalation of corrective action to include immediate termination. These guidelines do not alter the employment at-will relationship between the Company and its employees.

The following occurrences may warrant escalation of corrective action, regardless of point totals:

- Employees who fail to report to work without leave and notification for three (3) consecutive scheduled workdays will be subject to escalated corrective action up to and termination of employment due to job abandonment.
- Employees who fail to provide adequate documentation justifying an Unexcused Absence either preceding or following an approved vacation, holiday, leave of absence, an unscheduled workday (e.g., Monday after a Sunday off) or a requested but denied day off.

SUPERVISOR RESPONSIBILITY

All people leaders are responsible for enforcing the guidelines, ensuring employees understand the call out procedure, monitoring attendance and punctuality in their teams, and taking appropriate action to manage attendance carefully, consistently, and confidentially.

INQUIRIES

- Employees should direct their questions about the Attendance Guidelines to their direct leader.
- Employees and supervisors should direct policy questions through [HR Central](#).

These guidelines will supersede all versions of previous Attendance Guidelines applicable to non-exempt employees in the US.
